|  | High Quality Realspeak Solo human voices will speak text from your PC clearly and accurately. The voices are Daniel, Jane, Emily, Sangeeta & Serena. | 5 Voices | 5 Voices | 3 Voices |
|  | Works closely with Microsoft Word 2003 and 2007. Speaks all text with a visual highlight and speaks as you type. Change layout, font styling and text & background colours with a single click. | ✓ | ✓ | ✓ |
|  | Combines with Internet Explorer 6 and 7 to convert any web page into speech. Simply hover the mouse over the text or press play. | ✓ | ✓ | ✓ |
|  | Convert any text into a video with a high quality "voice over" synchronised with each sentence. Change the text colour settings to your preferences and the video can be produced to suit a wide range of popular mobile devices with video screens. | ✓ | ✓ | ✓ |
|  | Powerful text Check button - check a word for spelling, meaning, homophones and dictionary definitions in Microsoft Word. Distinctive graphics help with the choice of word. | ✓ | ✓ | ✓ |
|  | Incorporates a prediction tool, with a base prediction dictionary of the most frequently used words in the English Language. Advanced features include building multiple prediction dictionaries for different subject areas. | ✓ | ✓ | ✓ |
|  | Unique settings editor, allowing a user or trainer to configure ClaroRead. Choose the default font choice, build subject specific prediction files and add "confusable or tricky words" to the homophone list. | ✓ | ✓ | ✓ |
|  | Includes Xtras menu showing Calculator, ScreenRuler, ClaroView, Accessible PDF and other popular applications if installed, such as Dragon NaturallySpeaking. | ✓ | ✓ | ✓ |
|  | Includes the unique ScreenRuler Reading Bar, to horizontally magnify anything on the PC. | ✓ | ✓ | ✓ |
|  | Includes ClaroView coloured screen overlay tool, to better view the computer. | ✓ | ✓ | ✓ |
|  | Close integration with Dragon Naturally Speaking (v8 and v9) provides a useful echo back feature for greater verification of the dictated text. | ✓ | ✓ | |
|  | Unlocks access to PDF files by converting them into Microsoft Word editable documents using the in-built Omnipage 15 Optical Character Recognition engine. | ✓ | ✓ | |
|  | Scans and converts paper documents in over 50 languages into editable and accessible Microsoft Word documents using the in-built Omnipage 15 Optical Character Recognition engine. | ✓ | ✓ | |
|  | Includes MindFull concept mapping software solution. | ✓ | | |
|  | Includes a special portable ClaroRead Standard USB memory stick version. This runs directly from the memory stick on any PC - no files installed. Includes a RealSpeak Voice. | ✓ | | |
